2026 Fall Festival
103 Old Hawleyville Road
Bethel, Connecticut 06801

The Hollandia Nursery and Yesteryear Farm Antiques Annual Fall Festival - will soon be here!

This is our **34th Annual** celebration of the machines, cars and people that have made our great nation what it is.
Yes, it has been 34 years and we're still running!

The festival dates this year are **Saturday, October 3rd and Sunday, October 4th**. As always, thank you for your commitment, your hard work, and your support that keeps the festival going and growing with each passing year.

Enclosed, you will find details on the flyer. This year, we have the option for you to pre-register for the event. You can do so by scanning the **QR code** at the bottom of this letter. If you prefer to register the day of, we will have forms available at check-in. At check-in, you will receive your dash plaque and welcome package. If you or any of your friends have **FARM** animals or displays you want to bring, we would love to include them in our festival. It is fun for all ages. We are here to help with anything you need to set-up your displays. If you have any questions, please feel free to call us at 203-743-0267.

The ground rules posted here for you to review:

DISPLAYS: All machinery and engines are to be operating. The intention of the Fall Festival is to be educational and fun, therefore, we ask that there are no static displays. The welcome package that you will receive on the day of the festival will contain a display card. Please use your display card to describe your machinery and its function, as it is helpful to spectators in understanding your exhibit.

PARKING: Please keep the road entrance clear. Farm antiques and equipment are to line the "U"-shaped drive around the barn. As you arrive, we will have someone assisting with parking and placement of machinery. Again, if you have any questions or need any assistance, please feel free to call prior to the festival.

SAFETY: Common sense...shut down your engines while refueling, no leaky carbs or open fuel tanks. Have fire extinguishers handy. Keep all machines safely behind the rope; keep visitors on the other side, and please keep the ropes up. Shut down your engine when you leave or when no other person is attending the machinery. Tractors should be operated no faster than a walk and carry no more people than they are designed to carry. **NO passengers will be allowed on moving tractors.** Let's keep it safe!

FOOD: We are excited that Stony Hill Volunteer Fire Department will be on site to satisfy your hunger both Saturday & Sunday!

We look forward to seeing you at the 34th Annual Hollandia Nursery and Yesteryear Farm Antiques Fall Festival!
